Janette – This slipped my mind, and I have not looked at it yet. Will do so tomorrow or Monday.

Bill,

This is Alaska DEC's grant application for 205(j)/604(b) funds. They are using the money for WQS work. Please review the attached workplan (it's just a few pages) and let me know if you have any questions or concerns about the work they are proposing. Please reply to me by COB this Thursday March 27.

Thanks,
Janette

Attached are the SFY15 205J grant application - draft work plan and detailed budget for your review. Please send me any comments you may have by Friday, March 28.

Thanks,
Nancy

Math works out but you don't get to leave FBX next year. Guess we'll have to get used to using GoToMeeting.

I would like to maintain the same amount in contractual as last year (at least \$16K), so that we have some funds we can count on dedicated to addressing the human health issue. Please reduce the travel (some of your trips can come from PPG) and reduce the FTE to 0.5 for you and 0.04 for me.

Thanks,
Nancy

For your review. I used Nelia's tables and formulas so the math *should* be right. Upped the travel a little bit to account for inflation and multiple night stays. I do not foresee anyone needing a computer till after this grant ends.
